### Red Hot Faith: Lessons from a Lukewarm Church

*"I desperately want a life that has passion, purpose, spark, and meaning, but most days I feel caught up in the whirlpool of life. After a week filled with trips to Target, waiting at Walgreens, and drop-offs to the dry cleaners, I barely have energy to change my kids' sheets, much less change the world."* —Cindy Bultema

If you're tired of being pulled into a swirling, lukewarm routine of life that keeps you from experiencing God's best, **Red Hot Faith** is for you. Join Cindy as she takes you and your group on an exciting journey to the land of the Bible to explore the early church of Laodicea (Revelation 3:14-22). Just like us, the people in that church struggled with trying to "juggle it all" and moving out of their comfort zones.

This message can be done as one single keynote or a retreat/conference with 2-4 sessions. **Red Hot Faith** will demonstrate how to:

- Turn up the heat on lukewarm living and ignite a sizzling faith life
- Recognize patterns, habits, and attitudes that seek to steal or replace passion for God
- Replace negative self-talk with the new "nametags" of Truth
- Discover meaning and purpose in the mundane, messy, and everyday moments of life
- Proceed with tangible tools and tips for fueling the fire of your faith

### **Living Balanced in an Unbalanced World**
