## Bible Study Method

### **S - Scripture**

Find the Scripture reading for today in your Bible. Take your time reading it. When you are finished, reflect on the follow questions:

- What is the overall message of the passage?
- In what way is God revealed in this passage (Father, Son, Spirit, Characteristics)
- How would you paraphrase this passage to a friend?
- Is there a specific verse that stands out to you in the passage?
- Journal any thoughts on what stood out to you from the Scripture passage.

### **O - Observation**

What is God showing you from this passage? What observations do you make?

- Are there words or phrases repeated or stressed?
- Commands to follow?
- Promises from God?
- Errors to avoid?
- Truths to believe?
- Record any observations in your journal.

### **A - Apply**

Now it's time to get personal. Make the Scripture real to you by personalizing it to your own life.

- Does God have instruction for you today?
- Encouragement? Correction?
- Are there things that you should stop doing? Start doing?
- How can you share what you have learned to help someone else?
- How has your perspective changed based on what you have learned.
- Write down in your journal how you might apply this passage to situations in your present day life.

### **P - Prayer**

Prayer is a two-way conversation with God. Pray over what God has shown you through His Word, and ask Him to continue to reveal His Truth to you. Pray that the seeds planted from His Word would bear much fruit in your heart and mind. Thank God for His life-changing, powerful Word!
